

Associate Professor Belinda Beck  
School of Allied Health Sciences

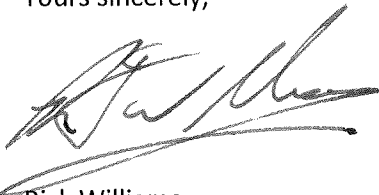

**Human Research Ethics Approval**  
**“Whole body vibration for osteoporosis: Shaking up our treatment options”**  
**(Ref: AHS/61/14/HREC)**

I am pleased to advise that this research has full approval from the Griffith University Human Research Ethics Committee, a committee established and operating in accordance with the standards and principles of the Australian *National Statement on Ethical Conduct in Human Research (2007)* and Griffith University policy.

The decision to approve was dated 16 December 2014 and covers the period 01 January 2015 to 01 January 2019.

For any queries regarding this ethical approval please contact the Committee Secretary on 3735 4375 or [research-ethics@griffith.edu.au](mailto:research-ethics@griffith.edu.au).

Yours sincerely,

Rick Williams  
Secretary to the Griffith University  
Human Research Ethics Committee and  
Manager Research Ethics and Integrity  
Office for Research  
Griffith University

GRIFFITH UNIVERSITY HUMAN RESEARCH ETHICS COMMITTEE

Dear Prof Belinda Beck

I write further to your application for an extension to your approved protocol "Whole body vibration for osteoporosis: Shaking up our treatment options" (2014/828). This request has been considered by the Office for Research

The Office for Research resolved to approve the requested variation:

Extension until 01 January 2020.

This variation is approved on the condition that the new team members have been provided with a copy of the ethics application for the project, and are aware of the scope of the ethics approval for the protocol. All team members covered under this protocol are expected to conduct the approved research in accordance with the National Statement on Ethical Conduct in Human Research (2007): <https://nhmrc.gov.au/about-us/publications/national-statement-ethical-conduct-human-research-2007-updated-2018>

This decision is subject to ratification at the next meeting of the HREC. However, you are authorised to immediately commence the revised project on this basis. I will only contact you again about this matter if the HREC raises any additional questions or comments about this variation.

Regards

Dr Amanda Fernie  
Manager, Research Ethics and Integrity  
Office for Research  
Griffith University
