GRIFFITH UNIVERSITY HUMAN RESEARCH ETHICS COMMITTEE

Dear Mrs Gillian Ray-Barruel

I write in relation to your application for ethical clearance for your project "I-DECIDED: a clinical decision-making tool for improving peripheral intravenous catheter assessment and safe removal in hospitals" (GU Ref No: 2017/152). The research ethics reviewers resolved to grant your application a clearance status of "Fully Approved".

This is to confirm receipt of the remaining required information, assurances or amendments to this protocol.

Consequently, I reconfirm my earlier advice that you are authorised to immediately commence this research on this basis.

The standard conditions of approval attached to our previous correspondence about this protocol continue to apply.
