**Subject:** 2019/ETH11807: Amendment General - Approved

Date of Decision Notification: **11 Oct 2019**

Dear Ms Priya Iyer,

**2019/ETH11807: ASSOCIATION OF DIET QUALITY ON LIPID PROFILE AND BODY WEIGHT OF PATIENTS WITH SPINAL CORD INJURY**

The Amendment has been reviewed by the Northern Sydney Local Health District Human Research Ethics Committee at its meeting held on 09 October 2019 who have determined the Amendment has been **approved**.

Amendment type: **General Amendment**

- The study times have been amended due to the delay in receiving the Site Specific Approval from Royal Rehab. The study commencement date was initially dated as July 2019 and completion as November/December 2020. Now the commencement is dated January 2020 and completion of data collection as July 2021. Final report aimed to be ready by November 2021. Few grammatical corrections also made using track changes.

The following documentation is included in this approval:

- The Spinal Cardio-protective Study Protocol Version 6 Dated 10 September 2019

It is noted that the Northern Sydney Local Health District Human Research Ethics Committee is constituted in accordance with the National Statement on Human Conduct in Research, 2007 (NHMRC).

**This email constitutes ethical and scientific approval only.**

Please contact us if you would like to discuss any aspects of this process further, as per the contact details below.

Kind regards,  
Harri
